Some Points for Children

What stays the same

- You will be with your same friends in your same class group.
- Many of you will have the same teacher.
- You will wear uniform as normal.
- School times are the same.
- There will often be two teachers teaching in your class.
- You will learn and also have lots of fun at school.
- Hot dinners as usual.
- The adults you know will be there to help you.
- We will do our best to keep you all safe and happy.

What is different

- There will be fewer people in the yard at playtime. You will play with your own class only.
- There will not be any assembly. You will go straight to class at 8:50a.m.
- You will be asked to wash your hands more often and also to sanitise.
- You will see lots of signs and posters reminding you to keep apart (distance) from others, how to sneeze and cough in the right way and how to wash your hands properly.
- No books will go home for a few weeks at least.
- Sadly, parents and grandparents cannot come to school without an appointment.
- You will have extra P.E. and playtime.
- Teachers and other adults will sometimes be wearing masks/visors.
